Education

University of Maryland, College Park

Bachelor's of Science in Physical Sciences 2012 — 2016

▷ College Park Scholars: Science, Technology and Society

▷ Specialized coursework: Computing and Data Analysis, Applied Probability and Statistics, Radiochemistry, Structure Determination Using Spectroscopic Methods, Inorganic Chemistry, Geophysics, Observational Geophysics, Atmospheric Physics and Thermodynamics, Dynamics of the Atmosphere and Ocean

....

Experience

Nu-Tek Precision Optical Corporation

Engineer 2016 — present

▷ Developed and maintained proprietary MATLAB toolbox for processing optical data.

▷ Automated administrative tasks with Python scripts and PowerShell modules.

▷ Created analytical and automation tools for manufacturing and metrology using C and Golang.

▷ Compiled and typeset product quality certifications with LaTeX.

▷ Implemented organization-wide code style standards and version control with Git.

▷ Created frontend web tools for monitoring orders and planning tasks.

▷ Tracked order progress and maintained detailed task records in Wrike (project management tool).

▷ Collected in-process and final part data using a Zeiss CMM and CALYPSO software.

The Research Foundation for SUNY

Innovation and Partnerships Intern Summer 2014 and 2015

▷ Assisted in implementing the START-UP New York and Technology Accelerator Fund programs.

▷ Reviewed grant proposals to assess the feasibility and potential marketability of new technologies.

▷ Edited, compiled, and summarized legal documents for public distribution.

▷ Modelled the performance of a proposed venture capital fund using past financial data.

University of Maryland, College Park

Teaching Assistant 2014 — 2015

▷ Developed lesson plans and managed course logistics.

▷ Evaluated student performance and progress through weekly reflective writing assignments.

....

Technical Skills

▷ MATLAB, Python 3, PowerShell, Golang, C/C++, Git, Bash, ES6, LaTeX

▷ FreeCAD, Autodesk Inventor, Creo Parametric/Pro Engineer, Zeiss CALYPSO, ZYGO MetroPro/Mx

....
